

For using the Kansai Center's e-learning materials 【For Teachers】

Good examples

- In the classroom, show learners the course videos, problems and other contents on a monitor.
- For online classes, share the course site onscreen to show course videos and practice listening, among others.
- In the classroom, conduct classes using textbooks, such as the Irodori: Japanese for Life in Japan, then ask learners to use the study contents and practice contents in the course to prepare and review.

For using the Kansai Center's e-learning materials 【For Teachers】

Bad examples

- × Shoot videos of lectures or classes using the course, and then publicly post them on YouTube, Facebook or other sites.
- × Record and stream online classes conducted using the course.
- × Create teaching materials or resources by taking screenshots of problems, illustrations or other materials on the course.
- × Duplicate course problems or other materials to create problem workbooks.
- × Print out practice contents or quiz pages on the course to distribute to a class.
